

Offer 379291

CVS MECCANICA FASTLINEAR 165 from 2015

Laminators Sheet

Offer Details

Offer Number:	379291
Brand:	CVS Meccanica
Model:	Fastlinear 165
Manufacturer	CVS Meccanica
Condition:	Good
Year:	2015
Incoterm:	EX Works
Cylinders Condition:	
Under Power:	Yes
Still in production:	Yes
Test possible:	Yes
Complete and in working condition:	Yes
Availability:	
Counter:	
Machine number:	
Description:	<p>Vertically motorised head and brushless motor transmission <>Automatic upper sheet feeder unit complete with: vacuum pump, automatic lift with brushless motor for raising/lowering the pallet, independent motorisation 90 c wide cover transport belts.<>Connecting bridge and conveyo belts for transporting sheets from the feeder to the coupling machine;<>Cardboard feed unit with 6 suction belt with speed adjustable via touch screen<>Coupling unit for cold vinyl glue: Machine edge system;<>CARDBOARD FEEDING UNIT (MTI)<>This unit allows the lower dencarton to be fed in by means of a synchronised brushless stepper motor<>synchronised with the coupling unit<>The length of the sheet is adjusted by the touch screen<>The MTI consist of 6 belts complete with suction device, thus allowing better introduction of the sheet into the coupling unit. <>GLUE COUPLING GROUP<>All rollers are mounted on ball bearings.<>The gluing roller is made of chrome-plated and ground steel, allowing for perfect glue distribution and low glue consumption.<>The speed of the rollers can be</p>

adjusted from the touch screen.<>During machine stops and breaks, the glue rollers continue to rotate thanks to a separate motor that keeps the glue fluid.<>The Fast Linear 165 bundle maker consists of Bundle forming unit: Bundle turning unit, Non-stop high-stack stacker unit with pneumatic levellers: Pneumatic levellers with automatic positioning; Metal walkway for operational control of the unit (bale former, stacker<>stacker. Fully automatic positioning of the format both in width and length: Machin edge system:<>NO-STOP HIGH-STACK STACKER GROUP: This unit eliminates the need for manual collection of the finished product (coupled sheets) by the operator, thus eliminating the risk of awkward postures and manual handling of loads.

Technical details

Max sheet size	1600x1600 mm
Min. sheet size	500x500 mm
Mech. speed	10.000 sheets/h.
HS Code	84439959 HS Codes Classification of Other
