

Offer 383482

HORIZON BQ 460 from 2005

Perfect Binders

Offer Details

Offer Number	383482
Brand	HORIZON
Model	BQ 460
Manufacturer	HORIZON
Condition	Good
Year	2005
Incoterm	
Cylinders Condition	
Under Power	Yes
Still in production	Yes
Test possible	Yes
Complete and in working condition	Yes
Availability	
Counter	
Machine number	
Description	<p>EVA hot-melt adhesive CF-460V: Key Functions Vacuum Suction Feeding: It uses suction to lift and feed cover stocks. This prevents the marking, scratching, or scuffing that often occurs with standard friction feeders, making it necessary for processing delicate, heavy, or coated stocks. Inline Scoring: The unit features an integrated scoring (creasing) mechanism. It applies precise spine and hinge scores to the cover right before it meets the glued book block, ensuring a sharp, squared spine and preventing the cover stock from cracking when the finished book is opened. Misfeed and Double-Feed Detection: It is equipped with optical sensors that monitor the feeding process. If it detects a missed cover or two covers pulled at once, it immediately halts the binding carriage. This prevents a "naked" glued book block from passing through the system, minimizing material waste and mechanical cleanup.</p>

Technical details

Block thickness	from 1
Max. speed	1350 imp./hour
Max. book size	320x320 mm

Min. book size	110x145 mm
Stack height in feeder	200 mm
Offset paper	from 80 g / m2
Coated papers	from 100 to 300 g / m2
HS Code	84439959 HS Codes Classification of Other

PRICE: Upon request
