Bag + Sack (Paper)

Offer Details

Offer Number	384076
Brand	MASTER BAG
Model	300 X
Manufacturer	MASTER BAG
Condition	Very good
Year	2026
Incoterm	
Cylinders Condition	
Under Power	Yes
Still in production	Yes
Test possible	Yes
Complete and in working condition	Yes
Availability	
Counter	
Machine number	

Description	GUTENBERG MASTER BAG 300X PPWR-Ready Square-Bottom Paper Bag Machine Produce square-bottom paper bags at industrial speed while controlling materials, production recipes, traceability, waste and quality documentation. The GUTENBERG MASTER BAG 300X PPWR-READY EDITION is a fully automatic, roll-fed paper bag machine designed for manufacturers supplying food, bakery, retail, agricultural and industrial packaging markets. With a production speed of up to 180 bags per minute, the machine combines efficient paper-bag production with the process controls increasingly requested by customers placing packaging on the European Union market. Prepare Paper-Bag Production for the EU PPWR High-Speed Industrial Paper-Bag Production The MASTER BAG 300X is engineered for continuous production of square-bottom paper bags without handles. Its automated roll-fed process supports stable dimensions, consistent gluing and repeatable bag quality while reducing labour requirements, setup losses and material waste. Main Machine Features Production speed up to 180 bags per minute Fully automatic roll-fed production Fully servo-driven control system Automatic paper feeding and tension control Precision tube forming and cutting Controlled side-seam and bottom gluing Automatic bottom folding and forming Automatic stacking and counting Multilingual HMI touchscreen Production of printed and unprinted bags Optional inline flexographic printing unit Compatibility with approved kraft and coated-paper structures CE conformity for machinery safety Machine CE conformity covers machinery safety. It does not establish PPWR conformity for the finished paper bag. PPWR-Ready Production and Documentation Package
