TAULER SMARMATIC from 2010

Laminators Sheet

Offer Details

Offer Number	384206
Brand	TAULER
Model	SmarMatic
Manufacturer	TAULER
Condition	Good
Year	2010
Incoterm	
Cylinders Condition	
Under Power	Yes
Still in production	Yes
Test possible	Yes
Complete and in working condition	Yes
Availability	
Counter	
Machine number	
Description	The Tauler SMARTMATIC Laminator is a fully automatic, high-speed pneumatic machine guaranteed to increase productivity and offer unparalleled results for a machine of this size. A top-quality finish is achieved by the pneumatic pressure roller system that applies more pressure to the film on the stock, ensuring a firmer, neater finish and less risk of the film being lifted off the sheet. The roller scissor system means sheets don't have to be skewed when exiting the machine, this also means thinner stock can be fed without the danger of it creasing on exit. User-friendly with its fast set-up times means operators can save time and increase production rates. The automatic feed has a stack height of 480mm.

Technical details

Max sheet size	560x720 mm
Min. sheet size	220x220 mm
Mech. speed	22m/min
Power consumption	6
HS Code	84439959 HS Codes Classification of Other
